

Dear Parent/Carers

Active Schools work with a number of different sports clubs to help promote opportunities in sport and physical activity for school aged children. Active Schools sessions, often partnered by these clubs, will offer a taster to your children of what that activity can be like. Should they like it, they can look to be involved with that club or activity out with school hours.

We want to make sure that you have all the information about community clubs, sports venues, public spaces in the northeast of Edinburgh.

By clicking on the Google Map link, you will have access to see where Sports Clubs are based as well as other sports venues, public parks and community organisations.

You can also view in a list form below where you will also find websites and contact information. You can also always reach out to your Active Schools Coordinator for more information

Many Thanks,
Paddy.
